In order to advance the Public Sector Roundtable policy priorities and educate Congress and the Washington stakeholder community, the Roundtable will convene a Congressional Forum on June 24-25, 2019 in Washington, DC. Public sector health care purchasers from across the United States are invited to join the Forum to share their policy priorities and to learn about key issues facing public sector purchasers.

The Forum – Drug Pricing Policy Solutions: Public Sector Options to Fix an Unsustainable System – will feature a Keynote Address, the release of the Roundtable’s 2019 Specialty Pharmacy Survey, and a panel presentation addressing Roundtable priorities. Following the Capitol Hill briefing, Roundtable members are encouraged to visit Congressional offices to discuss priority issues of public sector purchasers with assistance from Roundtable senior staff.
